**Front & Rear Fenders**

**Bobbed Front Fenders For Springers**
Full front early "Bobber" fenders specially made to fit wide Paughco and early OEM Springers. The brackets have been perfectly repositioned to give the correct styling and function for the bobbed-off fender shell.

- 135EB  Fits OEM 1936–1948 Springers ONLY  __________ $247.95
- 135EPB  Fits Paughco wide Springers ONLY (not shown) __________ $247.95

**Full Rear Fenders For Rigid**
Stock replacement and custom rigid rear fenders with OEM beaded side skirts. They also have a smooth flip section for stock or custom taillights.

- 134E  With left-side chain cutout for 1936–1948 OEM Big Twin rigid. Will also fit 1949–1957 OEM frames and Paughco replacement rigid frames  ________ $247.95
- 134EXL  With right-side chain cutout for Paughco XL rigid frames and many custom frames  ________ $221.95

**Springer Front Fenders For FXSTS**
Stock replacement and custom fenders for late OEM Springers, and Paughco custom Springers when ordered with the appropriate mounts. Fit 1993-up FXSTS models with 21" wheels.

- 135D  Stock replacement fender (OEM 59176-96A)  ________ $122.95
- 135DS  Shortened and sculpted fender (not shown)  ________ $175.95

**Full Fenders For Springers**
Full front OEM-style fenders specially made to fit wide Springers. The brackets are perfectly positioned to give the correct styling and function.

- 135EP  Fits Paughco wide Springers ONLY  __________ $247.95
- 135E  Fits 1936–1948 HD Springers ONLY  __________ $247.95

**Bobbed Rear Fenders For Rigid**
Special bobbed style rear fenders come pre-cut and rounded for the '40's and '50's. The rear struts have the chain guard mount in place.

- 134EB  With left-side chain cutout for 1936-1957 OEM Big Twin rigid and Paughco replacement rigid frames  ________ $247.95
- 134EXLB  With right-side chain cutout for Paughco XL rigid frames and other customs  ________ $247.95

**Special Notes:**

1) **Always fit before painting. Paughco will not warranty after painting.**

2) **Paughco #’s 135EP and 135EPB will only work with stock length or 3” over stock length Paughco Springers.**

- **119B1** High fork style – 35”-tall x 9¾”-wide ____________________ $159.95

### ‘Fat Tire’ Chrome Sissy Bar Kits

These chrome 3/4”-diameter wide sissy bar and grab rail kits are designed for “wide tire” fenders with internal support struts for the needed strength. The decorative bullet-shaped lower supports bolt to the fender side supports, while the upper rails bolt-in from the bottom for a clean “no hardware” look.

- **111T** Tall sissy bar for 13.5”-wide fenders/struts __ $527.95
- **111S** Short grab rail for 13.5”-wide fenders/struts __ $451.95
- **110T** Tall sissy bar for 10.5”-wide fenders/struts __ $527.95
- **110S** Short grab rail for 10.5”-wide fenders/struts __ $451.95
